Review Release B CDR

Originator Ref BV-CD02-2

Priority

Section 4.3.80

Page 4-140

Figure Table

Category Name Planning (PLS) Design

Actionee ECS

Sub Category

Subject Planning Collections

## Description of Problem or Suggestion:

- 1) PLPR Collection NB doesn't support nesting of collections. Modify class definition to support nesting of collections.
- 2) Allow Production Request Collection to have a Static Hierarchical Structure with priorities assigned to collections.

## Originator's Recommendation

- 2) Rationale:
- a) Human readability with large number of PGEs
  - b) Reduce number of PGE Specifications needed at setup.

GSFC Response by:

GSFC Response Date

HAIS Response by: K. Bugenhagen

HAIS Schedule

HAIS R. E. C. Schwartz

HAIS Response Date 5/20/96

1. The PR collection class (PIPRCollectionNB) definition will be modified to support this.
2. The priority assigned to a collection will be inherited by the collections and production requests within that collection.
